Subject: Newquay Town Council - Fully Funded EV Charging Point Scheme

Good Morning Andrew

Hope this email finds you well, do you need support building a EV charging network for your community?

At char.gy we provide EV charge points with 100% funding. We are backed by the government's Charging Infrastructure Investment Fund (CIIF), so have access to significant cash reserves to fully-fund EV charging network deployments UK wide.

We are building a network of EV charge points across the UK that are robust, reliable and easily retrofitted to your lamp post using existing infrastructure. Helping local authorities install at pace and scale.

With a lifetime guarantee as well as guaranteed annual income, our charge points will charge up your community of drivers whilst also giving you 5% of the revenue from the charge point at no cost to you.

We offer customer support through our partnership with the AA and have focused on making the driver facing experience of using our charge points as easy as possible.

I've attached some further information on our charge points and would love to discuss this with you further.

I hope you find this of interest and look forward to hearing any questions you may have.

Kind Regards

Ross Holman
